The Society was founded principally to forward the study and appreciation of geology, natural history, archaeology and history within the County and to encourage the preservation of buildings and other historic remains of importance.

The Society holds annually the O G S Crawford Memorial lecture and the Annual Conference. Many additional lectures and field trips are organised by the Sections which are based on the New Forest, geology, local history, archaeology and buildings. Members receive the Newsletter twice yearly and are entitled to purchase *Proceedings* at a preferential rate.

Annual subscriptions are £7.50 for ordinary members, £10.00 for joint members (two persons at the same address sharing publications), £5.00 for Junior/Student members and £12.00 for institutional members, who receive one copy of *Proceedings*. All other members are entitled to purchase Volume 44 of *Proceedings* at £4.00. Application forms may be obtained from any Officer of the Society.

EDITORIAL

The Hampshire Field Club and Archaeological Society accepts articles for publication in the *Proceedings* on the county's natural history, geology, archaeology, history, historic buildings and industrial monuments. The subject editors are very willing to discuss and give advice on prospective articles before they are submitted for consideration by the Editorial Board. Publication of an article in the *Proceedings* does not imply that the Field Club endorses the views expressed, and, although the Editorial Board obtains independent professional opinions on each article, the factual content and the opinions given remain the responsibility of the individual authors.

Articles intended for publication in the *Proceedings* should be sent to the HFC Editorial Board, c/o John Oxley, God's House Tower, Winkle Street, Southampton, from whom 'Instructions for Contributors' can also be obtained. The Editorial Board meets each May to consider articles for the volume to be published in the following calendar year.

This issue of the *Proceedings* is marked out by the inclusion of a classified author/title index to volumes 21-40 (1958-1984) and the other publications of the Field Club during the same period. It is designed to be a guide to the contents of these publications, insofar as the titles of articles alone can do so. As such, it is no substitute for a full index, which has not been produced since the one for volumes 11-20. However, the Editorial Board is pleased to announce that a full index is currently being prepared for volumes 21-40, and it should be ready shortly.

The Editorial Board gratefully acknowledges the financial assistance of the following bodies towards the costs of producing this volume:- Hampshire County Council (for local history articles), New Forest District Council (for Manners), Forestry Commission (for Moffat), Southampton City Council (for Oxley), Portsmouth Polytechnic (for Aston), King Alfred's College, Winchester (for Roberts).
